

## ❧ The Wines : Maison de La Villette Sauvignon Blanc

*A fresh and fruity white wine which expresses the great aromas of the Sauvignon Blanc.*

*Grape variety : 100 % Sauvignon Blanc*

*Vineyards : The grapes for this wine come from four terroirs: the Hérault plain which gives fruit and roundness, the Gard, the Aude valley which brings complex aromas, and the eastern part of the Aude area, a colder region where the grapes give freshness to the wine.*

*Winemaking : The grapes are harvested early in the morning. Skin fermentation is made a few hours before pressing and the alcoholic fermentation occurs in stainless steel vats. The wine is aged for a few months on the lees. There is no malolactic fermentation in order to keep freshness.*

*Tasting notes : A pale yellow colour. Fruity and fresh, this wine has passion fruit flavours underlined by hint of lemon and flowers. Very aromatic, it has a rich and round finish.*
